DEMOCRATS CHOSE COUNTY DELEGATES

AT COUNTY CONVENTION THIS AFTERNOON FIFTEEN SELECTED.

CONDEMNED SEN. REED

Nearly Half of the Delegates at Todtys Convention Were Women—L. C. Gabbart Spoke.

The delegates selected from this county to the Joplin convention, April 22, were:

L. B. Campbell, Barnard; Gordon Swinford, Pickering; M. E. Ford; John Murrin, A. P. Kidder, Maryville; Sherman Heflin, Arkoe; Charles Sisson, Parnell; J. O. Thompson, Guilford.

Mrs. James B. Robinson and Mrs. S. G. Gillam, Maryville; Mrs. J. O. Thompson, Guilford; Mrs. Blanche Fryar, Ravenwood; Mrs. John Wilson, Graham; Mrs. W. L. Carpenter, Skidmore; and Mrs. S. A. Roach, Barnard.

The Democratic county convention was called to order at 2 o'clock this afternoon by Chairman M. E. Ford of the county committee. C. F. McCaffrey was named as temporary chairman and Miss Gertrude Wright was named as temporary secretary. The temporary officers of the convention were made the permanent officers.

The resolutions committee was composed of L. C. Colk of Polk; D. C. McKee of Grant; Mrs. Elmer Corken of Nodaway; J. W. Corcoran of Jefferson; and Mrs. McCorkle of Independence.

The committee on permanent order of business was composed of William Gex of Hughes; Sherman Heflin of White Cloud; Mrs. J. O. Thompson of Washington; John Clary of Atchison; Miss Nellie Sims of Jackson.

The credential committee was composed of Andy King of Union; Mrs. Ferguson of Lincoln; Mrs. E. G. Orear of Polk; S. E. Browne of Hopkins; and Miles Cook of Monroe.

While the committees were out to make their reports, L. C. Gabbert of St. Joseph addressed the convention.

The Rev. R. C. Snodgrass of Maryville, a delegate to the convention, was also invited to address the convention. Mr. Snodgrass said a delegation should be sent to Joplin who was whole-heartedly for the league of nations and who should oppose any one who was against the league. He paid his compliments to Senator Reed.

Green township was the only one which was not represented at the convention. It was said the Democrats there had neglected to hold their township meeting Saturday.

Convention Notes.

Several of the township delegates were instructed to vote against any delegate to the state convention who was known to be for Senator Reed. The White Cloud township convention Saturday adopted such a resolution as did many others.

In Grant township, a resolution requesting Senator Reed to resign from the Senate was unanimously adopted.

In Hughes township a part of their resolutions adopted Saturday was:

We sincerely commend the presence of a conscience in all public officials. But we deplore the existence of a conscience that causes a public official to repeatedly give aid and comfort to the enemy of Democracy and repeatedly embarrass our National Administration.

"Be is therefore Resolved that our delegates be instructed to use all discretion in sending delegates to our state convention and insist that our National delegates be in harmony with our present administration."

There is at least one women who will not vote the same ticket as her husband. That one is Mrs. S. A. Roach, of Barnard, a sister of Mrs. I. E. Tulloch of this city. Mrs. Roach is a strong Democrat and was a member of the Grant township delegation to Maryville today. Her husband is a strong Republican and is a member of the Republican county committee. Mr. Roach was supposed to attend the Republican county committee meeting in Maryville this afternoon but Mr. Roach had to stay at home.

Mrs. I. E. Lovell spent the week end at Bedford, Iowa.

Resolutions Condemn Senator James Reed

The resolutions adopted by the Democratic county convention today are:

We, the Democrats of Nodaway County, in convention assembled.

Indorse and approve the able and wise administration of President Woodrow Wilson, and indorse the Covenant of the League of Nations as contained in the Peace Treaty of Versailles.

We condemn the acts, conduct and utterances of Senator James A. Reed in the Senate, respecting the Treaty of Peace, believing as we do, that he has not represented either the Democracy or the people of the Senate of Missouri in that body. We believe it would be inimical to the interests of the party, and to the welfare of the Nation, if he should be sent as a delegate to the National Convention at San Francisco, and we therefore instruct the delegates from this county to vote as a unit against him for that position.

We indorse and approve the splendid and capable administration of Governor Frederick D. Gardner in the affairs of our State.

Knowing our neighbor, Judge Charles H. Mayer of St. Joseph, to be a man of character and ability, possessing the full measure of qualifications necessary for one to possess, who fills the office of Governor of this great State, we indorse his candidacy, and commend him to the people of the State, for that office.

Judge James Ellison has been a member of the Kansas City Court of Appeals since the organization of the Court. During that long period of time his every act has been characterized by the purity of a noble man, and the learning of an able Judge. We believe he should be retained as a member of that court, and pledge to him our best support.

We present to the Fourth Congressional District and to the State Convention, Mrs. James B. Robinson, and urge her selection as one of the District's Delegates to the National Convention.

TAKE UP BUILDING PLANS

Bond Issue and Additional Tax Levy Election Returns Certified—Board Reorganized.

The school board met Saturday night for the purpose of certifying the returns of the recent election for additional tax levy and a $75,000 bond issue for the purpose of building an addition to the High school. The election of L. E. Carpenter and E. E. Williams to three year terms as directors was also certified and the board reorganized with J. R. Brink, president; Dr. Jesse Miller, vice president and Geo. Eric Shine, an architect of Hutchison, Kan., who has submitted plans of the new addition proposed to the board, met with the members Saturday night and the building plans were discussed.

The addition calls for six new class rooms and a gymnasium. Several building plans have been submitted and other architects are to visit the board this week. The main part of the Saturday night discussion was to determine whether the new addition should extend north and south, or east and west, on the north end of the present building. Lighting features and equipment were also discussed.

The teachers for the coming year were also employed. There are twelve vacancies in the ranks which will be filled at a meeting of the board to be held for that purpose the last of the week.

About a month ago, the board notified all the present corps of teachers, that each could have their positions for the coming year at an increased salary. Twelve of these did not accept, a number of them have taken teaching positions elsewhere and several will attend school.

Other places vacant are manual training, English, Latin, commercial mathematics in the High school, Jefferson principalship and first and third grades, A-6, A-5 and A-4 in the central building and the Garfield 2nd and 3rd grades, which are combined.

LITTLE CHANGE IN STRIKE SITUATION

ALL RAILROAD SERVICE IN CHAOTIC SHAPE TODAY

SOLDIERS HANDLE MAIL

Striking Switchmen Announce Settlement Overtures Must Be Made by Railroad If Any Made.

Chicago, April 12.—The back bone of the switchmen's strike in Chicago is broken, it was asserted today by vice president Greer of the Chicago-Milwaukee and St. Paul railroad where the trouble started. The C. M. and St. Paul lifted its freight embargo today. Other railroads have notified Greer they expect to have freight traffic restored nearly one hundred per cent by night.

New York, April 12.—Railway officials with freight and passenger schedules badly disrupted and the strike movement apparently growing saw little encouragement in the situation here today. The belief prevailed, however, that the strike movement is approaching a climax and that its success or failure will be recorded soon. Only one railroad entering New York maintained normal passenger service. The New York Central reported to be running all passenger trains although freight service was badly crippled. On all other lines the service is in more or less chaotic state.

Jersey City, April 12.—Soldiers in uniform began handling government mail this afternoon, which the railroads had failed to handle adequately because of the strike.

Washington, April 12.—"The government is watching the railroad strike and will act if necessary" was officially announced at the White House today. It was stated that at present the situation is in the hands of Attorney General Palmer who is expected to consult the president before taking any drastic action. Officials have already discussed the advisability of using troops to insure the transportation of mails it was learned, although no such steps will be taken until the situation is more serious than at present.

Chicago, April 12.—After announcing they would present their demands to the railroads today, the striking switchmen at the last moment decided to "stand pat" and let the railroads hands make the first overtures for settlement, if any are to be made.

Washington, April 12.—Every standard railroad labor organization with wage demands pending will present them to the railroads April 28, was announced here today. This program is to be laid before the convention now in session in Kansas City for approval. The demands will call for a national standardization of wages with proper differentials.

APRIL CROP REPORT FOR THIS COUNTY

CONDITION OF WINTER WHEAT HERE IS 82 PER CENT.

FARM OPERATIONS LATE

Due to the Weather the Farmers Are Behind With Their Spring Work —Soil Conditions Improved.

Jefferson City, April 12—That Missouri wheat on April 1st was 70 per cent normal against 103 per cent last April, is the joint report of Jewell Mayes and E. A. Logan of the State Board of Agriculture and U. S. Bureau of Crop Estimates. This condition indicates a yield of 11 bushels per acre or a prospect of 28,380,000 bushels.

In Nodaway county the condition of winter wheat is 82 per cent, rye 96 per cent, number of brood sows compared to last April 97 per cent, hogs on feed 99 per cent, supply of farm labor compared to usual year 77 per cent, farm labor demands 109 per cent of usual requirement, oats seeded 24 per cent, spring plowing 10 per cent done, eggs 35c to 45c per dozen.

Missouri wheat is 33 points below last April due to late seeding and short growth during the fall, part of the acreage not appearing above ground until early spring. Crop greening up in all sections and shows an improvement of two points over March 1, which is less than anticipated but with March cold and backward season this condition is to be expected. Heavy rains of March did damage in a few sections but the recent snow has filled the ground with moisture and will be of great benefit. Hessian fly present in Lafayette, Henry, Cooper, Cole, Saline, St. Charles, Lawrence, Newton, Christian, Cape Girardeau and Perry. A large acreage of wheat has been abandoned in Newton and other southwest counties. Wheat best in northwest and poorest in southwest and southeast Missouri.

Rye condition 78 per cent against 101 last April, and looking good in most counties on a less acreage than last year and has afforded but little pasturage this spring. Rye best in northwest and poorest in west, south central and southeast.

Oats seeding is only 51 per cent completed against 75 per cent last April, with the largest portion of the work completed in the southwest and least in the north section. Some seeding in February was lost by freezing and the work has been retarded by heavy rains during March, with farmers about decided to "mud" in the rest and plant the balance of intended oat acreage to corn. Spring plowing one fourth completed against one-third last year with over half done in the southwest section and one-fifth in the west and northwest, east and southeast, while in the north and northeast one-eighth of spring plowing is done. Prospect for corn acreage good, farmers planning to return to usual area. Spring wheat acreage of 12,500 confined almost wholly to the northern third, is little over half of 1919.

Brood sows on Missouri farms only 86 per cent of last year, with the principal reductions in the southwest, central and southeast portions where the corn crop was poor and the greater number in the northern third. Pig crop reported light. Farmers are disposed to "lay off" of hogs at present prices. Hogs on feed 85 per cent of the number last year with the greatest reduction in the southern sections and the largest number in the north and northeast. State Bureau of Markets reports a larger number of hogs going from public markets to the farms than last year.

Labor supply is 75 per cent of the usual, lowest in the east and central sections. Supply below normal in every county, but not so reliable as formerly with a disposition to quibble over the pay, hours, and other conditions. Demands for farm labor 2 per cent above usual requirements, greatest demand coming from the northwest and northeast. Farmers are evidently hardening their determination to cut grain crops and thinking seriously of resting their farms as well as themselves.

Land rents higher than formerly. Average charge for pasture $1.70 per acre per head of live stock. Corn land average $8 per acre, oats $5 and wheat $6.50 for money rents. Crop rent on corn ranges from one-fourth to three-fourths, wheat one-third to two-thirds and oats one-third to one-half, the rates depending upon the fertility of the soil. Lowest cash rents in the west and southwest.

Fruit prospects suffered a severe setback from the Easter storm with the damage to peaches ranging from 10 per cent to 75 per cent in the Koshkonong district and in southern sections from a total loss of the farm crop down to an estimated loss of 15 per cent. Loss in apples has been severest in the southwestern sections and near Lebanon and St. Joseph, with the damage in other sections ranging from 10 per cent to 50 per cent. The Missouri river section seems to have escaped the heavy damage of the southern portion.

Pastures are greening up. Meadows thoroughly soaked. Soil conditions improved. Gardens late, seed potatoes scarce. Egg prices dropped six cents during March. High winds did great execution to farm buildings. Farm operations are 15 days late with farmers "all set" for rush work.

LONG TO OPEN HIS CAMPAIGN AT MARSHALL ON APRIL 17

Candidate for the United States Senator to Spend a Week in Campaigning in This State.

St. Louis, April 12.—Breckinridge Long, Assistant Secretary of State and Democratic candidate for United States Senator, will deliver the first speech in behalf of this campaign out in Missouri at Marshall, Saline county, Saturday afternoon, April 17.

Long is spending the entire week out in the state on a visiting campaign and will meet the Democrats of Cole, Pettis, Henry, St. Clair, Polk, Greene, Barton, Vernon, Bates, Cass, Jackson and Buchanan counties.

Following the dinner given Monday night at the Planters Hotel in his honor Long went to Jefferson City where he met the State officials and employees in the State departments. Since Governor Gardner has announced that he would not be a candidate for the Senate, a number of his close personal friends and supporters have openly expressed themselves in favor of Long's candidacy.

Sedalia, Windsor, Clinton, Bolivar, Springfield, Lamar, Nevada, Butler, Harrisonville, Kansas City and St. Joseph are among the cities on the itinerary, which will cover the principal counties of Southwest Missouri.

This is Mr. Long's first visit to Missouri since January, at which time he campaigned in the Third Congressional District in behalf of Captain Jacob L. Milligan of Richmond, who was elected to Congress on the Democratic ticket.

VETERAN HOMING PIGEONS TO GET PERMANENT HOME.

Minneapolis, Minn., March 12.—Seven homing pigeons which saw service in the World War are to receive a permanent home. The seven "vetrans" are the survivors of a squad of thirty-six, the property of Thomas Jones, a county employe, who donated their services to the Government.

All seven birds have received honorable discharges from the A. E. F. headquarters at Brest, France.

"Buckshot," one of the carriers, is marked by a machine gun bullet, which pierced his left wing. He gained his right to a wound stripe when he was fired on and chased by a Hun airplane while carrying a message from a front line trench to general headquarters.

The pigeons will be housed in the Hennepin County Court House tower.

S. H. Kemp and George B. Baker will leave this evening for Douglas, Wyo., where they are witnesses for the defense in the murder trial of Hugh Armstrong, which was scheduled to be called today at that place.

Life Saving Aloft.

Several inventors are at work on life saving devices for air craft. Air travel is so new that little attention has been paid so far for providing some means of escape in case of accident. The first air ship to be equipped was the R34, the great dirigible which twice crossed the Atlantic. She carried parachutes conveniently placed on her "ent walk" for every passenger. The latest forms of parachutes are practically 100 per cent efficient. It has been found that one travels 15 feet a second before the parachute opens, when the pull in the check which follows is 900 pounds. The new parachutes will have shock absorbers. In a few years air craft will probably have to carry parachutes for all on board just as steamers now carry lifeboats.—Boys' Life.

METHODIST S. S. PUPILS MAKE RECORD YESTERDAY

Rainy Day No Bar to Attendance and Collection. Program Planned for Easter Given.

The Sunday School of the First Methodist church made a good rainy day record yesterday. The attendance at the school was 245 with a collection of $167.61. The Junior department with Miss May Howland as superintendent carried off the banner record with fifty out of seventy enrolled in attendance and collection of $50.54. Miss Eva Drumm's class carried off the high honors of this department and of the whole school with collection of $18.02. The members of this class are Leola Miller, Frances Remus, Florence and Catherine Wray, Opal Wallace, Marguerite Baker, Eula Keever and Evelyn Hopper. Mrs. Emma Eckles' class was a close second in the department with collection of $16.77. Mrs. Hulet's class was third with $10.90. These classes obtained a large part of their contributions by holding sales on several Saturdays preceding.

The three best records in the Intermediate department were Mrs. R. S. Granger's class $18.16, Mrs. E. F. Welfret's class $12.91, and Mrs. George Baker's class $10.76. Miss Mary Sewell's class of young boys also made a good report.

In the Senior department, Dr. Jessie Clark's class and Mrs. W. L. McLaughlin's class had the best records.

The Easter program "New Life" was carried off in a splendid way and the decorations under the direction of Miss Wave Hulet were as handsome as were ever displayed on any occasion. Folks who let the rain keep them in missed an occasion worth while.

YOUNG GIRLS MADE STRONG

Mrs. Boyd Tells How Her Daughter Benefited by Taking Lydia E. Pinkham's Vegetable Compound.

Danville, Ill.—"My daughter was very delicate and we thought we could not raise her. She was troubled with irregularity and she was not able to go to school. For a year we gave her all kinds of tonics but to no good. One day one of your little books was thrown on our porch and I saw what Lydia E. Pinkham's Vegetable Compound had done for others and what it might do for her. Now she is getting fat and goes to school every day. You can tell every mother what the Vegetable Compound has done for my daughter."—Mrs. J. H. Boyd, 1002 N. Jackson St., Danville, Ill.

If every girl who suffers as Miss Boyd did, or from irregularities, painful periods, backache, sideache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.

MRS. J. N. BRYAN DIES AT ST. FRANCIS HOSPITAL

Passes Away After Lingering Illness. Hour of the Funeral Services Not Yet Named.

Mrs. J. N. Bryan of this city died at 5:30 o'clock this morning at the St. Francis hospital after an illness of three years. DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

30c and 60c jars; hospital size $2.50.

MUSTEROLE
WILL NOT BLISTER

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c

WOMEN ALDERMAN REFUSE TO SERVE AT ELMO

Old Board Will Serve Until Special Election Is Called—Meeting Held Friday Night.

The newly elected town board of Elmo, composed entirely of women, refused to qualify for office at the meeting of the old town board Friday night and a special election to fill the offices will be held as soon as the legal formalities are complied with.

This action on the part of the women is said to have been taken because of the refusal of one of the number to act and rather than have a disruption in the ticket, which was the first feminine town board ever chosen in the county, the others also refused to qualify.

The young women were chosen at a town election held last Tuesday. They are Miss Cora Lamar, Miss Elezabeth Bucker, Miss Minnie Humphrey, Miss Rose Campbell and Miss Nettie Bever.

The drafting of the women's ticket was done by the men unknown to the young women named and they carried the election by a three to one vote over the men's ticket.

Tobacco products are a government monopoly and regulated in quantity of issue. The allowance to each individual is very small, equal possibly to six cigarettes a day. Smuggling is much in practice, however.

One thousand recently purchased by the Associated Press correspondent consisted of about two-thirds leaves and grasses.
